

Improvement Leaders in Primary Care

Do you work in primary care and want to build on your Quality Improvement understanding and it's application within your environment?

This programme will support you to build upon your existing knowledge whilst learning new skills with our team of expert improvement advisors and leaders of improvement in primary care.

By the end of the programme, you'll have the knowledge to develop and manage and engage others in the improvement process, delivering changes across complex environments.

This four day programme plus improvement coaching will be delivered over 4-6 months.
